

I'm not robot!

[dd] Baule launched an improved versions of his Andersorp Raceway for Rfactor conversation. Based on Simbin's GTR2 track, the new version expands the compatibility of GTR2 DVD verification by adding in some versions not recognized before the simulation. Other changes include some smaller corrections, the track now supports at 43 venacies.

[DD] Baule expects this to be the end and will be concentrating on release legal versions of all other GTR2 tracks. This track requires a cool GTR2 card, if you don't have one, you can not use it. Officially known as Scandinavia Raceway, the 4 km range is an old F1 site and has hosted a variety of sucks in the past, the latest being the World Touring Car Championship in 2008. Download AndersTorp 1.1 here the circuit. From the airport is the best circuit! So many good GTR2 memories with this one, people will like it! It is a nice track, but there are not parts because the track could not be good and reasons why it was not so successful (as being able to expand pitlane, never.) Awesome! Located less than an hour from my home, and recently (2013 or 2014) starred in races on him again (it was some events before, but some thought it was "very high"). Now the days hosts STCC, Timeattack and some Ries Roadracing. Å "Timo to see more Swedish tracks in R3E, I really hope they release Falkenberg Motorbana Reations: M D Gourley and Phil Davies can not be the most exciting track in the world, but I have so many GTR and GTR2 memories with this track It will be fun to revisit the track just for this reason. It is also the most nearby track from where I live. Reairs: Ernie eager for this. I always liked the track in the past, he just feels "right" to drive. It must be incredible, more Scandinavian lanes please! Reairs: M D Gourley looking forward to try this, as I remember this above of GTR2 well looking to .))PMSE :OACI()s@Åp 022.3(sortem 089 ed sevaneora ed atsip amu omoc odasu iof m@Åmat euq ,oter o'Åv ed odamahc(oter e ognol mu iussoP ,arierrac aus ed egua on avatse nosreteP einnoR oceus o omoc missa ,0791 ed adac@Åd an ralupop etnemamertxe lacol mu uonrot es e 8691 me sonatn@p me adAurtsnoc iof atsip A ,aic@AuS ,)devalsiG oipAcinuM(protsrednA me)mk 30,4(sahlim 505,2 ed troprotoM ed adirroc ed atsip amu @Å ,naivanidnacS yawecaR omoc adicehnoc etnemroiretna ,yawecaR protsrednA :aidepikiW ad sofinI xfrotoM atsip alep odasiver e ofÅsrevnoC 2rtG repraH werdnA ,sejÅÅæer :ledyR ed ocivAc CCTW o moc oedÅv o @Å luqa otenmasÅnal ed atad ad setna atsip alep satlov sacuop rad ed ecnabc a evit uE 'rarepse ossop laM "... es e ,ebas "Acov" :essid e RACSAN ad snegami samugla uiv oceus mu euq ohca - axiaf asse oma etnematulosba uE !!! hhhrrra ,anluqse amitiÅ an meganerf a arap oterid orrac o raxied odnatnet ,sioped edrat ratroc e adartne alpma a ragep uo anluqse ad oiem on edadicolev a racifircas e mif o @Åta odatrepa racif oved es ies acnin uE ,etnematerroc avruc asse ramot omoc arutsim em - oluc od lamif on lesorra/Arudarref ed asioe asse sam ,sdneqel TG od said soa ralvov protsrednA ed otsop uE ,saxiaf sasse moc meb otium iÅranoicnuf m@Åbmat CCTW etocap ovon o ,siam adaN ,sretsAM TG o omoc atelpmoc eir@Ås amu ret medop sele ,CCTS o moc E ,raicnecil arap satarab sajus ofÅs etnemlevavorp CCTS od saxiaf sa ,m@Åbmat RCT ed sorrac odnidep sezov siam e siam iÅh euq iÅj ,atiefrep apluced a ,odrocnoc IORIEHNID UEM O EVEL E ES-ELAC ,omsirut ed sorrac so arap mob res eveD ,odacilpmoc are m@Åbmat oterid latnorf uenp o raicnereG ,uotreca *Acov odnauq air*Åtafsitas ofÅt sam ,rod amu iof ocnab ed savruc sad samugla ed s@Åvarta oidrat xepA od ahnil a retBo .70R me CCTW od sorrac so moc ossi moc ritepmoc arap ofÅsrevid atiuM ueroM naitsirhC :SEÅÅAER !assen rairc aire Dop adilÅs .alerassap ed etnop amu bos avatse euq o rasu mecerap orrac od snegarag sa ,57 mE ,sohnartse sotejbo so rezaf e ranoicnuf ahlam airpÅrp ahnim rezaf ,axiaf airpÅrp ahnim rezaf me iesneP ,cte aiera ed sahlidamra sad setna 07 sona sod odoÅrep od siam aicnÅrapa amu ritimrep e odoÅrep o ratneserper arap sejÅsrev sartuo sad amuhnen rasu aireuq ofÅn uE ,seled mu iÅrasu etnemlevavorp ovop o euq iesnep e sievÅnopsid iÅj protsrednA od sejÅsrev samugla metsixe euq ibecrep ,3102CSG oa 07 ed saxiaf ranoicida ed otejorp esse ieicini odnauQ ,ohlabart ovon ues ,MAC ovluqra mu e seroiretna saxiaf ad axiaf ad odal od sotejbo snugla ratserpme ed ofÅÅæcke moC ,sotamrof sortuo me ol ,iÅcoloc ed ovitejbo o moc ofÅN ,3102CSG o arap ossi zif ue ,57 eir@Ås a arap artuo @Å atsE :2RTG ofÅsrev a siam aiel ,alomi otuicrie oiep adAultitsbus iof ,otmatne on ,8002 ed adaropmet a arap CCTW od oirÅdneiac on aluqruT an luamatsi euqraP o odniuttitsbus ,7002 me protsrednA a uonroter iCCTW(pilhsoipmahC raC gniruoT dloW AIF O ,09 sona so edsed sorrac ed ebule od lacol ralupop mu odis met otuicrie O ,3002 e 2002 me TG AIF ad otanoepmac o e 3991 e 1991 me oklibrepUS ed laidnum otanoepmac o ,7891 - 5891 me omsirut ed sorrac ed ueporne otanoepmac o ,0991 - 1891 e 7791 - 1791 me atelkicotoM ed oimÅrp ednarG O hsideovS o uodepsoh m@Åbmat protsrednA ,8791 me" naF orraC-mahbarB emafniåå o e 6791 me sador sies ed 43P lerryT orrac o :sianoicnevnoc ofÅN 1F sorrac siod ed airÅtiv acinÅ e artemirp ad lacol o iof euqrop aton ed ongid @Å m@Åbmat otuicrie O ,mif oa uogehc oceus oimÅrp ednarG o e uoces otneve oa ocilbÅp oiopa o ,8791 ed 1 alumrÅF ed adaropmet a etnarud marerrom nossliN rannuG e nosreteP odnauQ ,0791 ed adac@Åd an 1 alumrÅF ad oimÅrp ednarG od sotneve sies uozinagro yawecaR O ,ohnimac od oiem on odazilacol iÅtse artistic used. I added some of my pit extras to help the well area cluster. The F1 began inThe direct short about what I think is called the North Up Circuit today. I did not do an Aiw to use the other possible layouts, just for me to run on F1 70 cars, I thought some of the members of Nogrrip would like to try - although I used a lot of capture fences that do not stop yours Car, it's just because of the aparenities, you can also find some small ends that I lost. It is not the most photographed track in the seventy years. Pido Ronnie Peterson and Gunner Nilson. Upon receiving the screen, I found some views, where I could see what good is the fan of replace, watching the AI approaching all the speed "" Flight Straight "and waging hard to" Norra "And" and then, watching his back coming out of Åå - Contentintel. "What can also be partially due to how I modeled that it turns, as it can be slightly bank in the real world. I tried to add some of the others. I could see in the photos on board I found. Have you fun, Ken H shame your events in the Lap trophy Motherly app and website. Å ,Circuit: existinglayout: fictional (designed by me) when the track was constructed? Inaugurated in 1968 as the Scandinavian track, after three local drivers and businesses decided to reuse an old airline, he was able to host all six editions of Swedish GP from 1973 to 1978, despite the Bå installations SICA. The layout remained almost the same to today, the circuit has been improved varying times. In order to bring back to F1 a new renovation, projected by me, will be completed, focused on poison and entertainment installations. installations.
